Gerald John Tangpos

Virtual Assistant & Automation Specialist

Cebu, Philippines (GMT+8) · Works with international clients on any shift

geraldjohnt@gmail.com · LinkedIn · Upwork · VA portfolio · Developer portfolio

Professional summary

Freelance virtual assistant since 2021 who handles the day-to-day work of small businesses and automates the repetitive parts. I support founders and small teams in e-commerce, coaching and real estate with inbox and calendar management, customer support, research and reporting. A background in software engineering lets me connect the tools clients already use, so lead follow-ups, onboarding, invoice reminders and reports run on their own. I work with international clients on any shift and communicate clearly in English.

Core services

- **Business automation:** no-code workflows with Zapier, Make and Google Apps Script
- **Calendar & email management:** inbox triage, scheduling, follow-ups, reply templates
- **Data entry & research:** clean spreadsheets, lead lists, vendor and market research
- **Customer support:** email, live chat and social DMs, escalation handling
- **Project coordination:** task boards, deadline tracking, weekly status updates
- **Document & file organization:** cloud folder structures, naming systems, template libraries
- **Social media support:** content calendars, captions, scheduling, community replies

Automations I build

Workflow	Starts when	What it does
Lead capture & follow-up	A website or Facebook lead form is submitted	Adds the lead to a CRM or sheet, sends a welcome email, alerts the team, sets a follow-up reminder
Client onboarding	A contract is signed or first payment arrives	Creates the client folder, sends the welcome email and intake form, sets up project tasks
Invoices & payment reminders	An invoice is created or falls due	Sends reminders, updates the payment tracker, flags overdue invoices
Inbox & calendar	An email arrives or a meeting is booked	Labels and files email, saves attachments, sends meeting confirmations and reminders
Weekly reporting	Every Monday morning	Pulls numbers from sheets, CRM or social accounts and emails a summary
Content publishing	A post is approved in the content calendar	Schedules it, updates its status, logs monthly performance

Experience

All VA work below is freelance and remote.

Virtual Assistant & Automation Specialist

Freelance · Small business owners and teams · 2024 – Present

- Provide ongoing support for small teams in e-commerce and real estate: inbox and calendar management, client follow-ups and weekly reports.
- Build automations that handle lead follow-up, client onboarding and payment reminders.

Executive Virtual Assistant

Freelance · Coaching & consulting businesses · 2023 – 2024

- Managed calendars, client scheduling and inboxes for coaches and consultants.

- Set up client onboarding templates and built first Zapier workflows to cut repetitive admin.

Admin & Customer Support Assistant

Freelance · Small online shops · 2022 – 2023

- Answered customer emails and chat messages, and tracked orders and returns.
- Updated product listings and kept order spreadsheets clean and current.

Virtual Assistant (Entry-Level)

Freelance · Solo entrepreneurs · 2021 – 2022

- Completed short, task-based projects: data entry, web research, contact list building and basic email organization.

Tools

- **Automation:** Zapier, Make, Google Apps Script
- **Productivity:** Google Workspace, Microsoft 365, Notion, Airtable
- **Project management:** Trello, Asana, Slack
- **Scheduling & meetings:** Calendly, Zoom
- **CRM & support:** HubSpot, Zendesk
- **Design & finance:** Canva, QuickBooks

Working with me

- **International clients, any shift:** I match US, UK, Europe, Australia or Asia business hours.
- **Clear communication:** written and spoken English; Slack or email updates plus a short weekly check-in call.
- **Free trial task:** one real task, up to 2 hours, delivered in 24–48 hours with no payment or commitment.
- **Confidentiality:** happy to sign an NDA before starting.
- **Industries:** e-commerce, coaching and consulting, real estate.
